Arizona Silver Belt**WINCHESTERS AND SIXES
IN HANDS OF JUMPERS****What Sheriff Shanley Found When He
went to Serve a Summons in
Title Suit**

That certain claim jumpers mean business and intend to retain possession of their illegally secured holdings is now in plain evidence. Sheriff Shanley had occasion to visit the claims of the Globe-Arizona Development Company yesterday to serve summons on parties who have recently taken possession of some of the company's claims in a suit filed for the purpose of quieting title.

He found six men armed with Winchester and six-shooters in possession, prepared for anything but a sheriff and a court document. The papers were duly served and the case will be heard when the court is in session during February.

It was reported yesterday that jumpers have set up their monuments on the Bird group of claims owned by Henry Shoap, Wint House and others—one of the groups which it is expected will be taken over by the C. & A. people. This informality will in no wise affect the purchasers who are satisfied as to the title of the original claimants.

The community is not in humor to stand much of this nonsense and the jumper who makes good in Globe district will have to be impregnable in his legal position.

Mr. and Mrs. George Kingdon, who spent the Christmas holidays here with Mrs. Kingdon's parents, Mr. and Mrs. Chas. H. Kenyon, departed last Thursday for the Nacozari mine in Sonora, of which Mr. Kingdon is superintendent. They are always welcome visitors to Globe.

Old Veteran Dies

Daniel Quigley, or Daniel Shrow according to his pension papers, a veteran of the civil war and member of the G. A. R. died at the county hospital Wednesday night of pneumonia. He was a native of Ireland, aged 74 years and is not known to have any family or friends in this country. He had been a prospector in the various camps of Arizona for many years.

Pleasant Entertainment

On New Year's night a party of about twenty gentlemen, members of the M. E. Church choir and Globe concert band were handsomely entertained by Mrs. W. W. Brookner at her home. The evening was passed enjoyably, the musicians and singers contributing their best selections. Refreshments were served and the guests voted the occasion one of the pleasantest of their experience.

Joseph Sabourin returned from the Territorial Fair Tuesday night after seeing that the Globe exhibit of minerals was arranged in the best possible shape for a permanent display. The Phoenix press gave Joe high praise for his good work for the Globe district, and Globe people who attended the fair unite in saying that the right man was in the right place, and that he boomed our mineral wealth from morning till night—and then some.

Now is a Good Time to Paint

Don't wait until the dust is flying, to spoil your work, or until the rainy season is on and streaks of dirt and bare spots leave the exterior walls worse than before the paint is applied. Don't wait until it is so hot that the oil evaporates before a coat can be properly spread. PAINT NOW while the conditions are favorable and you get the greatest results for your money

Ready-to-Spread Paints are the Best

They are the easiest to handle, anybody can apply them, and the colors are always perfectly even. That is, of course, if the SHERWIN-WILLIAMS COMPANY'S products are used. Here is a specimen of comparative cause and effect; cost and result: One hundred pounds of white lead costs you \$12.00, 5 gallons of oil \$5.00, and 1 pint of dryer 50c, a total of \$17.50. This mixture produces 7 3-4 gallons of paint which will cover a surface of 225 square feet. The same amount of money invested in

Sherwin-Williams Co's Ready-Mixed Paints

will cover 300 square feet. No room for argument. We carry in stock: Shingle stain, paints for exterior walls; barn, roof and fence paints; floor stain and finish; paints, varnishes and stain for furniture and decorations; piano and furniture polish; paints for porch and lawn furniture; paints for carriages and boats, and varnishes for all classes of work. Whatever you wish to paint, clean, stain, polish or varnish we can supply the article, the best article, at the best price and now is the time of year to apply it. WE ARE SOLE AGENTS FOR THESE GOODS. We also carry the Glidden Varnish Company's famed JAP-A-LAC, one of the finest wood finishes manufactured. We have in stock "The Dainty Decorator," LACQUERET, for beautifying and preserving floors, woodwork, and restoring old furniture to a new appearance. Dries hard and remains hard. Anybody can apply it.
